

Say Yes to

SEYI

Globally Experienced... Yet Always Focused On Your Specific Solution

More than 1,500 North American stamping installations have "Said Yes To SEYI." Regardless of their customer's challenge...productivity, quality, press uptime, and/or improving the bottom line...SEYI has delivered single source solutions for both **stand-alone machines** and **fully automated press cell applications**. (Complete part automation, tooling and coil handling solutions, too.) We've delivered presses from 20 to 2,400 tons, answering requirements in virtually every market.

Get to know the SEYI operation. Constantly-evolving world class technologies, new capital equipment affordability and proven ROI. Most important, a strong "problem/solution"-oriented drive that can be found in every SEYI employee & sales rep organization.

Don't just take our word...**contact us for a list of SEYI owners with similar challenges. And ask them for yourself on why they "said yes."**

Are you ready for the personal attention and support that your toughest of applications demand? If you're ready to "Say Yes To SEYI" today, give us a call or send us an email.
