

Get The “Straight_(side)” Facts

Say yes to
SEYI
Straightsides

No matter what shape, size or material type, SEYI has the “pressing answers” to your needs!

After discussing your press “wish list”, we’ll roll up our sleeves to determine which SEYI Straightside is right for your application.

Choose from numerous configurations and standard features:

- slide connections: single, double or four point
- drive styles: crank, crankless or link driven
- table sizes up to 240" to 96" (l x fb)
- capacities from 80 to 2,400 tons

Check out SEYI’s overall value & strong commitment to your success!
